Microlific® Iron EDDHA

Soil Applied

Guaranteed Analysis:

Iron (Fe)6%

6% chelated iron

Derived from Iron EDDHA

FULLY CHELATED MICRONUTRIENT FOR APPLICATION TO ALKALINE SOILS

F1483

KEEP OUT OF REACH OF CHILDREN

CAUTION

Harmful if swallowed. Avoid breathing spray mist. May cause irritation of eyes, nose, throat, or skin. Avoid contact with eyes, skin or clothing. In case of contact with eyes, flush with a lot of water. Consult physician if irritation persists.

GENERAL INFORMATION

MICROLIFIC IRON EDDHA is a water soluble foliar micronutrient fertilizer containing iron.

Optimum rate of application will vary among fields, depending on soil pH, organic matter, and crop. For best results, follow soil test or plant analysis recommendations. Consult your State Agricultural Experimental Station or Extension Specialists for advice in selecting treatments.

DIRECTIONS FOR USE

SOIL APPLICATION:

On soils that have a pH of 6.5 or above.

MICROLIFIC IRON EDDHA should be applied to soil as a powder, or, liquid spray, liquid injection or through drip or micro jet irrigation systems.

When applied as a prill, MICROLIFIC IRON EDDHA should be washed in within 4 hours of treatment.

CITRUS, AVOCADOS, MANGOES AND LIMES: Apply MICROLIFIC IRON EDDHA in a convenient volume of water from trunk to drip line at a rate of 1 - 6 oz. per tree dependent on soil or tissue analysis or severity of deficiency symptoms showing of foliage.

VEGETABLE CROPS: Apply MICROLIFIC IRON EDDHA at a rate of 1/2 to 6 pounds per acre dependent on soil or tissue analysis or severity of deficiency showing on foliage.

NURSERY, ORNAMENTAL PLANTS AND TURFGRASS: Apply MICROLIFIC IRON EDDHA at 1/2 to 6 pounds per acre.

CAUTION: Chelated Iron will stain buildings, sidewalks and driveways. MICROLIFIC IRON EDDHA should be tested on a very limited number of plants in nurseries prior to general application if there has been no prior experience on species of plant.

**CHECK COMPATIBILITY BEFORE MIXING
WITH AGRICULTURAL PESTICIDES.**

STORAGE AND DISPOSAL

DO NOT reuse container. Dispose of container and waste by burying in non cropland away from water supplies.

NOTICE: Seller warrants that the product conforms to its chemical description and is reasonably fit for the purposes stated on the label when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty of merchantability or fitness for a particular purpose, express or implied, extends to the use of this product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to Seller, and Buyer assumes the risk of any such use.
