

**PROFORMA GOLD INJECTABLE
Turf & Wetting Agent**

General Information

PROFORMA GOLD INJECTABLE, when used in a water management program, will distribute water more uniformly through the root zone thereby eliminating localized dry spot, enhancing turf quality and reducing watering frequency. PROFORMA GOLD INJECTABLE is specially formulated for use with irrigation injection systems. It improves water use efficiency everywhere you irrigate. PROFORMA GOLD INJECTABLE contains ingredients derived from renewable resources. This nonionic surfactant provides safe, effective treatment of highly maintained turf when used in accordance with label directions.

CAUTION

KEEP OUT OF REACH OF CHILDREN

Active Ingredients

Proprietary Blend of Nonionic Carbohydrate Surfactants,	
Polyoxyethylene-polyoxyethylene-polyoxypropylene Glycol,	
Polydimethylsiloxane.....	50%
Inert Ingredients and Formulation Aids.....	50%
Total.....	100%

Use Directions

Directions for Use - In Irrigation Injection:

Monthly Program: Inject 2.0-3.0 pints (32-48 fl. oz.) per acre per month throughout the growing season to achieve 10-16 pints (160-256 fl. oz.) per acre treatment.

Golf Course Greens & Tees:

For use as a season-long preventive treatment:

- Apply 16 fl. oz. per 1,000 sq. ft. then follow with an additional application of 16 oz. per 1,000 sq. ft. in 7 to 14 days.
- For heavily irrigated turf areas, apply 16 oz. per 1,000 sq. ft. followed by 8 oz. in 7 to 14 days and another 8 oz. in 14 to 28 days following the initial treatment.
- A monthly maintenance schedule of 4 to 8 oz. per 1,000 sq. ft. may be substituted for the second 16 oz. application to assist distribution of soil applied chemicals and fertilizers.
- Always water-in following any treatment to move PROFORMA GOLD INJECTABLE into the soil profile to remove residue from the turf or plant surface.

Note: It is advisable to follow boom spray applications with a brief watering of turf. Consult label recommendations of all accompanying products before tank mixing with PROFORMA GOLD INJECTABLE.
